

# A SUCCESSFUL YEAR COULD RUIN YOU.

All those nice, fat orders are flowing in and business couldn't be rosier.

Right?

But a few more people on the payroll means more bookkeeping cost, fringe benefits, insurance, pension fund, major medical, hospitalization, overtime and —oops.

There goes your beautiful year right down the drain.

It's time to act with resolution and vigor.

Come to Olsten.

We send you skilled, tested, *guaranteed* secretaries, typists, stenos, keypunch operators, sales demonstrators, or even an engineer. Where you want them, when you want them.

They'll help you reap profits during the high points of your year. And you send them back to us when you reach the valleys.

Such good thinking has made Olsten one of the fastest growing, most trusted services in America.

Olsten wants you to do good this year.

Call us. We're in the telephone white pages.
